

main

```
graph LR; main[main] --> test[SPECK_sign_verify_test_KAT];
```

The diagram consists of two rectangular boxes connected by a blue arrow. The first box on the left is white with a black border and contains the text 'main'. A blue arrow points from the right side of this box to the left side of a second box. The second box is gray with a black border and contains the text 'SPECK_sign_verify_test_KAT'.
